

Q1. Does Bansal Classes offer any Correspondence Course for JEE preparation and Pre-medical?

Ans. Yes, Bansal Classes offers Correspondence Courses under its Distance Education Wing division ranging from **Achiever's Comprehensive Course (ACC)** to **All India Test Series** to **Online Test Packages** for both JEE Main & Advanced & NEET 2014 & 2015.

Our ACC package consists of **Fundamental Study Package** (including quizzes, Phase tests), **Postal test Series & Master Problem Package**.

Q2. What courses are offered through Correspondence by Bansal Classes?

Ans. Bansal Classes offers three different courses through Correspondence. They are-

A) Fundamental Postal Package:-

- 1) **Study Material Package** - An exhaustive coverage of general Fundamentals and topics related to IIT JEE syllabus for Physics, Chemistry and Mathematics. It is available for students studying in class XI (2 Year) , Class XII Appearing and Class XII Passed.
- 2) **Phase Tests** - These tests will be on the pattern of JEE Main & Advanced | NEET and will be given at the end of each phase for practice.
- 3) **Quiz** – This is for quick revision of Study Material and to analyze one's performance.

B) Postal Test Series: Apart from the phase tests and quizzers, Postal Test Series comprises of 30 periodical tests based on JEE Main & Advanced | NEET pattern to evaluate student's preparation. These tests will be given to the student with certain intervals during the period of 1 | 2 years as the case may be. Students enrolled in Postal Test Series would be provided with an AIR at the end of each test that in turn helps student to know her/ his standing along with further assessment of test wise progress.

C) Master Problem Package- This package is compilation of around 1200 -1500 variety of questions in Physics, Chemistry, Mathematics | Biology with detailed solutions. This package is an excellent revision tool for student. The subscription for such package can be done all round the year but the dispatch of this package commences from December. The core objective of MPP is to provide a mix of questions that offer wider range of practice along with rank improving prospects.

D) Complete Postal Package – It consists of above mentioned A, B, C packages, which is also called as Achiever's Comprehensive Course.

Ans. Yes. A student can take the benefit of scholarship, if applicable in more than one course of ACC.

Q11. Is the Complete package of ACC available for 12th studying or passed student?

Ans. Yes

Q12. Is the Study Material of ACC is same as given to Bansal Classes classroom students?

Ans. No. We do not provide Study Material to our Classroom students; they are only provided worksheets for daily work. For the first time Bansal Classes has launch study material through correspondence for students preparing for JEE. As there will be absence of Teacher to assist students, the study material is exhaustive, relevant and having different difficulty level exercises at the end of each chapter and is written in easy to understand language.

Q13. How is ACC different from other correspondence course available in the market?

Ans. ACC is result of sincere and thoughtful efforts of mentors at Bansal Classes who are in turn adept and exposed to the rigors of ever evolving and changing requirements of examinations keeping in mind student's learning approach. The in chapter theory notes vis a vis solved illustrations followed with practice questions lead student into strong grasp over fundamental concepts (Boards) thus helping in aptitude building for the competitive examinations translating into better rank prospects. The "Video Solutions" help tool is an novel & integral part of Fundamental Study Package that diminishes any dilution in learning and compliments student's learning. Always visit our website for updated sample booklets and solutions.

Q14. Does ACC cover the syllabus of all Pre-Engineering exams or just of JEE Main & Advanced | NEET?

Ans. Yes, the ACC offers dual advantage to students as it covers Boards along with all national and state level engineering & medical entrance examinations.

Q15. What will be dispatch schedule of Fundamental Study Package?

Ans. The dispatch schedule of Fundamental Study Package is over the period of two years, as mentioned below. The whole course is divided in 7 parts, which will be dispatched over the period of two years.

Dispatch Schedule with effect from June 2013			
For students studying in class XI (2 Years)		For students studying in class XII (1 Year)	
Date	Module	Date	Module
15.05.2013	I	15.05.2013	I & V
15.07.2013	II		
15.09.2013	III	15.07.2013	II & VI
01.11.2013	IV		
05.05.2014	V	15.10.2013	III, IV & VII
15.07.2014	VI		
15.10.2014	VII		

Q16. If I enroll for ACC in later months, then will I receive the part of study material already dispatched as per the schedule?

Ans. Yes, even enrolling in later months, you will be dispatched the material in one go, which was already to be dispatched by that time as per the schedule.

Q17. Will there be enough questions for practice in the Study Material?

Ans. The whole ACC course is divided into 4 parts. The first 2 parts consist of Study Material with Phase Tests. The study material has solved in-chapter exercises and unsolved 4 different difficulty level exercises with 30 questions in each exercise. After every part, you will be sent Phase Tests containing number of questions exactly on the pattern of JEE for practice to evaluate your learning concepts.

The second 2 parts consist of Postal Test Papers and Master Problem Package. The Postal Test Series will be on the pattern of JEE, for evaluating your rank among larger pools of serious JEE Main & Advanced | NEET aspirants, which will also indicate your tentative AIR. The Master Problem Package will have selective good profiles of questions on each topic for final polishing of JEE preparation.

The whole ACC contains a very large pool of questions, practice of which will be enough for you to cracking JEE Main & Advanced | NEET with Top Rank.

Q18. How is ACC different from good Author Books of different Publications available in the market?

Ans. Books by various authors are also good but a student should look at following aspects while selecting a study material:

- Is the content in study material student centric in sync with examination & Student need or author centric?
- Quality of Question Bank
- Range & Depth of Practice Questions
- Does the Study material suffice the Board & Entrance Examination's requirement?

60% of the questions in various author's books are same with change in numeric values. In search of quality content student unknowingly wastes time thereby loosing focus and concentration and lands her / him in false confidence zone that in turn are detrimental to her/ his success.

ACC package avoids such glaring omissions or erroneous methods of preparation and enhances rank prospects by way of phase tests, quizzes, in chapter examples and practice questions and in the last phase of preparation a student can evaluate her/ his preparation by attempting questions in MPP.

Q19. Is it better to enroll for complete package of ACC instead of just Postal Test Series or Master Problem Package?

Ans. It depends on student's preparation ethics, state of preparation and we at Bansal Classes have created comprehensive basket of preparation tools in ACC i.e. Fundamental Study Package, Postal tests, Master Problem package.

Q20. As an ACC enrolled student, will I be allowed to interact with the Bansal Classes Faculties for clearing my doubts? If yes, then how?

Ans. The online video solution help tool compliments student in her / his preparation and never lets her/ him feel need of instant teacher interface or interaction during the numerical solving stage. Still depending on student need and examination specific preparation schedule student has to opt for short term classroom programmes at Kota. Please refer to website for all such course announcements. We have gone ahead and are extending email based query handling support at acc@bansal.ac.in and student will be provided solutions for the same through mail.

Q21. Can you suggest names of good subject Author books for IIT JEE, if I opt for Postal Test Series or Master Problem Package?

Ans. It is mandatory for student to follow the text books prescribed by school or board along with NCERT text books along with ACC type of preparation tool.

Q22. How many hours do I need to study for JEE Main & Advanced | NEET preparation?

Ans. Successful student always utilizes the school duration and self preparation schedules to her / his advantage. She / he allocate equal amount of self study time for each subject i.e. Physics, Chemistry, Mathematics or Biology. Start with a 45 minute study session with a break of 5 minutes between each session. Use these breaks to rejuvenate & come back to next study session with positive mindset. Most important aspect is to sleep for 7 – 8 hours and avoid study late nights as no examination is conducted during night.

Q23. How many questions will be there in the Phase and Postal Test Series Paper?

Ans. The composition of test papers is as follows: Single correct choice questions, paragraph type, reasoning type , matrix type, integer type questions. Usually there are 15 -20 questions per subject per paper and the duration is 3 hours.

Q24. Is Master Problem Package available for enrollment right now? If I enroll, when will it be delivered to me?

Ans. This package is compilation of around 1200 -1500 variety of questions in Physics, Chemistry, Mathematics | Biology with detailed solutions. This package is an excellent revision tool for student.

Q25. Is there any refund policy for Correspondence Course or Online Test Series?

Ans. No. There is no refund policy of fee for Correspondence Course or Online Test Series. Once the fee is paid it will not be refunded under any circumstances.

Q26. If I lose any Study Material Sheet, is there any process through which a new sheet can be issued to me?

Ans. Yes a student has to enroll again in the course by paying respective course fee.
